# BUILD FOR UNITY "UNITY CONCERT"
November 18, 2018
3:00pm at St. John's Lutheran Church

Joining our voices together as ONE

On November 18, 2018 Habitat for Humanity of Greater Sacramento, in partnership with local faith leaders, will be kicking off the first ever "Unity Concert" to support Build for Unity a community and multi-faith collaboration which brings together people of all colors, creeds, and communities to counter intolerance and build homes for local families in need.

Habitat's pilot Build for Unity Project in 2016/2017 brought together 180 different local faith organizations and donors and began a national campaign which has now sprouted interfaith Build for Unity Projects in over 20 cities across the US.

Join us for an incredible evening featuring a unique convergence of musical styles and instrumentation. This concert is free to attend, please reserve your seat at www.HabitatGreaterSac.org/UnityConcert.
